REVISION HISTORY

Version	Date	Name	Description
1	March 2016	Bracken Dailey	Initial Document
2	June 2016	Bracken Dailey	Updated information in AWPE areas
3	8/27/2018	Wendy Yu	Banner 9 verbiage update
4	10/2019	Bracken Dailey	New ALEKS PPL MAE test
5	05/2020	Kari Geske	Add Music Theory Diagnostic and Piano Proficiency Exams; updated C&C/SAIS names to ITS

INTRODUCTION AND PURPOSE

UCR has placement scores for the University Writing Program, Academic Resource Center for Math, Foreign Languages and Chemistry and Music Exams.

RELATED POLICIES, REGULATIONS, GUIDING PRINCIPLES, AND COMMON PRACTICES

Analytical Writing Placement Exam

636. University of California Entry Level Writing Requirement (Am 19 Feb 2004; Am Jan 2008)

- A. University of California Entry Level Writing Requirement is a reading and writing proficiency requirement. Each student must be able to understand and to respond adequately to written material typical of reading assignments in freshman courses. This ability must be demonstrated in student writing that communicates effectively to University faculty. (Am 30 Nov 83; Am 23 May 96; Am 19 Feb 2004)
- B. There are three ways a student may satisfy the University of California Entry Level Writing Requirement prior to enrollment at the University of California: by passing the University of California Analytical Writing Placement Examination, by attaining an acceptable score on another approved test of Writing, or by earning at least 3 semester credits or 4 quarter units of transferable college credit in English composition. (Am 19 Feb 2004; Am 30 Jan 2008)

Foreign Language

R4 Foreign Language Credit (En 20 Apr 71)

R4.1 A student continuing studies of a foreign language undertaken in high school may receive credit for University language courses in that language starting at the course level for which he qualifies according to departmental (foreign language) placement procedures. For example, if a student matriculates with three years of high school French, he may take French 1, 2, or 3 for credit subject to the advice given him on the basis of the results of the departmental placement procedures.

R4.2 After a student has received credit for a foreign language or literature course, he may not receive credit for any less advanced lower division language course in that language. For example, no student may receive credit for German 1, 2, or 3 after he has successfully completed German 4. (En 1 Jun 71)

Mathematics Advisory Exam (MAE)

The Mathematics Advisory Exam is used by UCR to assess student readiness for University work and to determine the appropriate course placement in Mathematics. Students must satisfy placement requirements before registering for this

subject at UCR. Examination results are used for advising and placement purposes only; unit credit cannot be earned with these exams.

Music Placement Exams

Two exams exist: a Piano Proficiency Exam and a Music Theory Diagnostic Exam.

Piano Proficiency Exam: All students who believe they have piano proficiency are eligible to take that exam which is usually about 5-6 students passing per quarter. Passing this placement test or MUS 080P is required for the BA-MUS program. It can be re-taken.

Music Theory Diagnostic Exam: All students intending to enroll in MUS 030A/031A must take a music theory diagnostic examination. Students are required to complete the diagnostic exam to demonstrate music competency in order to be successful in the music (MUS/MUCU) majors and minor. The passing list is about 20-25 in fall and 5-6 in other quarters. It cannot be re-taken.

Both tests are administered once/quarter by faculty, often at the end of the quarter, who report passing students to music advisors who record the passing scores.

IMPACTED DEPARTMENTS, UNITS, PROGRAMS, AND CENTERS

- 1. Registrar's Office
- 2. University Writing Program
- 3. Academic Resource Center
- 4. Foreign Language Department
- 5. Music department
- 6. Advisors
- 7. Information Technology Services

BEFORE YOU BEGIN

If this is the first time you are reviewing this procedures, go to R' Space and select the Banner Training icon in order to follow along and practice. Please submit a ticket if you have trouble accessing Banner Training.

PAGES

The pages listed below are covered in this training.

Page	Page Name	Description
	Test Score Information	Provides test score values for various tests to include AP, placement
		tests and entrance exams.

PROCEDURES

HOW TO ADD A PLACEMENT SCORE MANUALLY

STEPS

- 1. Go to SOATEST.
- 2. Input **SID** and go to first blank **Test Code**.
- 3. Enter the appropriate **Test Code**.
 - a. If you don't know what the test code is you can click on the look up button to search. Filter by the first letter to minimize your results and to more easily find the test score you are looking for. For example:
 - i. Math Advisory Exam starts with M.
 - ii. Foreign Language Placements start with F.
 - iii. Analytical Writing Placement Exam starts with U.
 - iv. Chemistry and Music start with a C.
 - b. For specifics on which Test Codes to include, review the procedures below for each testing area (i.e. Math Advisory Exam, Foreign Language, Analytical Writing Placement Exam and Chemistry, Music.)
- 4. For each test code you must include a **Test Score** and **Test Date**.
 - a. The Test Score range will show at the bottom of the screen as a small reminder of what the options are.
 - b. The Test Date should be the actual date the student took the test.
- 5. Based on the testing area there may be an Administration Type and Purpose. See details below.

6. **Prerequisites** are validating against the **Score for Prereq** value which is a numerical score created specifically for prerequisites, not the raw scores.

7. Math Advisory Exam

- a. A student who took the math placement test should have a minimum of **four** Test Codes.
 - As of November 1, 2019 the delivery of the MAE changed to ALEKS PPL. This has only one test and scores are from 0 – 100. An MAE score is only valid for 1 year so from November 1, 2019 to September, 30, 2020 the student body will have a combination of test scores. After October 1, 2020 only the ALEKS PPL scores will be valid.
 - 1. **MAE1** and **MAE2** are the raw scores from the test. If the student retook the test there may be more than one set of raw scores (MAE1 and MAE2).
 - 2. **MPPL** is the raw score for the test. If the student retook the test there may be more than one set of raw scores.
 - ii. **MPLC** is to capture the course the student placed into. There should NEVER be more than one test score for the placed into value (MPLC). If there is an adjustment to what course the student placed into then this value should <u>be overwritten</u> with the new information.

- iii. MPRQ is to equate the course the student placed into with a numerical value used for the prerequisite checking. If there is an adjustment to what course the student placed into then this value should <u>be</u> <u>overwritten</u> with the new information.
- iv. If a student placed into **ARC 035** and then took ARC 035, the test code **MA35** should be added with the student's final numerical grade in the course.
- v. If a student receives a 75 or higher in ARC 035, a new prerequisite value **APRQ** is loaded to allow for access to the next course in sequence.
 - 1. All CNAS and BCOE students receive the prereq value APRQ for MATH 006A
 - 2. All CHASS students receive the prereq value **APRQ** for MATH 006A and MATH 004
 - 3. All students who score below a 75 will have their MPRQ value updated to 599 so that it prevents students from satisfying any prerequisites. Students are not eligible to repeat ARC 035 without permission so it ensures that permission is required.

Test Code	Description	Min of Range	Max of Range
MAE1	Math Placement Part 1	00	45
MAE2	Math Placement Part 2	00	60
MPPL	MAE: Math Placement	000	100

				APRQ	602	MATH 006A

b. For each value **MAE1** and **MAE2** or for **MPPL** there should be an **Administration Type** and **Purpose** provided.

1. Administration type is the location the test was administered.

TR	Transfer	09/18/2015

c. Note: If the **MPLC** value (Placed into score) is being changed due to a major change the **Purpose code** should be **MC** for major change.

8. Foreign Languages

- a. A student who has taken a foreign language placement test should have a minimum of two Test Codes.
 - i. The first test code will be based on the language they tested and what course they placed into.

ii. The second test score is to equate the course the student placed into with a numerical value used for the prerequisite checking.

iii. Students who placed out of their foreign language will have a test code of **FLNG** and the associated language is recorded under the Test Scores (2) tab in the **Form field**.

 TEST SCORE INFORMATION 	🖬 Insert 🗖 Delete 🌆 Copy 🏹 Filter						
Test Code *	Description		Test Score *	Test Date *			
FLNG	Placed Out of Foreign Language	07/09/2018					
K ≪ 1 of 1 ► K 10 ▼ Per Page							
Test Scores (1) Test Scores (2) Test Sco	res (3)						
Administration Type		Accommodation					
Purpose		Instrument					
Form C1 Chinese							

iv. If the student took the exam again, then <u>overwrite the placed into test score AND the prerequisite score</u> with the new values.

1. For the retake **add a purpose** to record why they were able to test again.

Code	Description	ACTIVITY DATE
FR	Faculty Request	09/18/2015
IP	Initial Placement	11/08/2013
MC	Major Change	09/18/2015
RE	Retest Placement	11/08/2013
SA	Study Abroad	09/18/2015
TR	Transfer	09/18/2015

9. Analytical Writing Placement Exam

- a. A student who took the AWPE placement test should have three Test Codes.
 - i. **UAWP** is the raw score from the test.
 - ii. **UWP1, UWP2 or UWP3** then should be added to capture the course the student placed into. The code choice is based on the course the student placed into.
 - iii. **UPRQ** is to equate the course the student placed into with a numerical value used for the prerequisite checking.
 - If the student receives AP credit for a course higher than that in which the student placed into, delete the UPRQ value from SOATEST to prevent the student from taking the lower level course. AP scores will show in SOATEST and the student will receive credit for the AP work within the transfer work module.
 - a. Highlight the **UPRQ** row
 - b. Select **Delete** at the top of the section
 - c. Save

Test Code	Description	Min of Max of		Test	Test	Test	Test	
Test Code	Description	Range	Range	Code	Score	Code	Score	
UAWP	AWPE Score	00	12					
UWP1	Placed into BSWT	001	003	UWP1	001	UPRQ	600	
				UWP1	003	UPRQ	602	
UWP2	Placed into English	001	020	UWP2	004	UPRQ	604	
				UWP2	005	UPRQ	606	
				UWP2	01A	UPRQ	608	
UWP3	Placed into English	01PA	01PA	UWP3	01PA	UPRQ	610	
UPRQ	AWPE: Score for Prereq	600	611					

b. For the UAWP test score enter an **Administration Type** to record where the student took the exam.

Code	Description	ACTIVITY DATE
A7	AP Score Proj Free-Response	10/12/2015
A8	AP Score Proj. From MC and FR	10/12/2015
A9	AP Overtiming More Than 5 min	10/12/2015
EX	Extension	09/20/2015
LA	LA/OC County	11/08/2013
LO	Local (UCR)	11/08/2013
NA	National	11/08/2013
NC	Northern California	09/18/2015
SD	San Diego	11/08/2013
UC	UC System	11/08/2013

c. If the student took the exam again or there was a change in the placed into decision, <u>a second placed into test</u> score AND prerequisite score should be added.

10. Chemistry

- a. A student who took the chemistry placement test should have one Test Code.
 - i. **CHEM** is the raw score from the test.

Test	Description	Min of	Max of
Code		Range	Range
CHEM	Chemistry Placement	00	45

11. Music Theory Diagnostic and Piano Proficiency Exams

- a. No raw test scores will be recorded.
- b. One test score and test date can be recorded for passing piano proficiency students which will clear the degree audit requirement, MUS 080P, for BA-MUS students. The score does not serve as a prerequisite.
- c. For the music theory diagnostic exam, students can place into MUS 001, MUS 010, or MUS 030A/031A. Two scores will be recorded: both the class the student placed *into* as well as a prerequisite score are entered, when appropriate.
 - i. Placing into MUS 001 does not require any prerequisite coding on courses since it does not have any prerequisites.
 - ii. Placing into MUS 010 means that the prerequisite MUS 001 is met. Placing into MUS 030A/031A means that the prerequisite MUS 010 is met.

Test Code	Description	Min of Range	Max of Range	Test Code	Test Score	Test Code	Test Score	Assigned as Pre-req to:	Test Code on SMAAREA	Test Score Range on SMAAREA
CPPE	Piano Proficiency Exam	001	002

CTD2	Placed into Music	010	012	CTD2	010	CPRQ	600	MUS 010	CPRQ	600-601
СТДЗ	Placed into Music	030A-031A	030A-031A	CTD3	030A-031A	CPRQ	602	MUS 030A and 031A	CPRQ	602-603

HOW TO ADD A PLACEMENT SCORE BY BATCH

STEPS

1. Math Advisory Exam

- a. ARC will provide to ITS a row for each test code for each student.
- b. All students in the file should have three rows.
- c. Data provided:
 - i. SID
 - ii. Test Code
 - iii. Test Score
 - iv. Test Date
 - v. Administration Type
 - vi. Purpose
- d. If there is already a MPLC and MPRQ value in SOATEST for the student, ITS with <u>replace</u> that information with the new information provided.

2. Analytical Writing Placement Exam

- a. UCOP sends ITS the AWPE results within the UCOP Admission file.
 - i. It comes in the standard change XML file that we get daily. Field name on the UCAP file is SUBJECT-A-SCORE position 3437 for 2 characters.

Portion of XML with the score <Evaluation action="update"> <SubjectAScore>08</SubjectAScore> <ApplicationSession> <SessionDesignator/> </ApplicationSession> </Evaluation>

- ITS will load <u>ALL</u> test scores, but for students who received an 8 12 the job will also load two additional test codes for the placed into and prerequisite values.
 - i. **UAWP –** test code (this is for all students on the file)
 - 1. Test Score based on file from UCOP
 - 2. Test Date all should be the same test date provided by UWP
 - 3. Administration Type UC
 - ii. UWP2 test code (this is only for students with a score of 8-12)
 - 1. Test Score 01A
 - 2. Test Date all should be the same test date provided by UWP
 - iii. UPRQ test code (this is only for students with a score of 8-12)
 - 1. Test Score 608
 - 2. Test Date all should be the same test date provided by UWP
- c. UWP must determine the placement for students who have scored below an 8. Once determined they will provide a file on the FTP server to batch load.
 - i. There will be two rows for each student (placed into and prereq), unless the student did a makeup test then there will be three rows for that student (one row for the score, one row for the placed into and one row for the prereq).
 - ii. ITS should <u>never overwrite</u> an existing test code record on the student.

- iii. Data provided:
 - 1. SID
 - 2. Test Code
 - 3. Test Score
 - 4. Test Date
 - 5. Administration Type

3. Foreign Languages

a. Foreign language might need a batch load process in the future.
