(This year’s event will be held online.)

☐ Take the Mathematics Advisory Exam (MAE)

If your major requires at least one course in mathematics, you should take the MAE for appropriate placement. The colleges below require one course in math. This includes:

- All majors in the Marlan and Rosemary Bourns College of Engineering (BCOE) and in the College of Natural and Agricultural Sciences (CNAS).
- Many programs in the College of Humanities, Arts, and Social Sciences (CHASS).

EXEMPTIONS: You don’t have to take the exam if you have:

- A score of 3, 4, or 5 on either the AB or BC Advanced Placement (AP) Calculus Exam.
- A score of 2 on the AB Advanced Placement (AP) Calculus Exam will clear a student for enrollment into Math 5 (Pre-Calculus). No course credit is awarded for the score. It’s recommended that students with this score still take the MAE to see if they might place higher.
  - Make sure UCR Admissions has received your AP scores.
  - Go to the “Math Classes at UCR” tab at arc.ucr.edu/mae to see what course your score places you into.
- A UC transferable college course at the Pre-Calculus Level (Math 5 at UCR) or higher from an accredited institution.
- A score of 5 or higher on the International Baccalaureate (IB) Higher Level Math Exam.

If you do not have 1 of the above, then you MUST take the UCR Mathematics Advisory Exam (MAE) by July 7. Visit arc.ucr.edu/mae for information on how to take the MAE.

UC Riverside will no longer use standardized exam scores (ACT/SAT) in our comprehensive review and selection process for the fall 2022 admission cycle.
MAY

The 2021 Analytical Writing Placement Exam will be administered (online) on May 22.
