

WELCOME TO THE HIGHLANDER FAMILY!

PARENT AND GUARDIAN INFORMATION 2022

Congratulations and Welcome!

Your student was recently admitted to UC Riverside and is now part of the Highlander family — and so are you! This digital brochure provides resources and answers to some frequently asked questions that may be of interest to you.

This year, UCR received over 66,000 first-year and transfer applicants. UCR can only accept a fraction of those students, so the fact that your student was accepted speaks to their accomplishments and potential, and to the encouragement and support they have received from you along the way.

The next step is for your student to say YES to UC Riverside by submitting their **Statement of Intent to Register (SIR)** through their **My.UCR.EDU** account by May 1 for first-year students or June 1 for transfer students. After that, we will provide more details on your student's future here! For now, this booklet is a good start to discover more about UCR and how we help your student succeed.

We look forward to welcoming you and your student to our beautiful campus. If you have any questions, please reach out to us at admissions.ucr.edu/ask.

Your student is in good hands here.

Student success and safety are top priorities at UCR. We have an on-campus police department that is on call 24/7 and patrols the campus, as well as an emergency notification system that sends the campus community urgent texts, a no-tolerance policy against sexual violence, and secure residence halls with video surveillance, restricted card access, and live-in staff. Our Community Service Officers patrol halls and parking lots during evening hours, and Campus Safety Escorts are available to walk students across campus at night.

We have many other safety measures in place, but nothing tops our most important one — our caring community. We look out for each other. police.ucr.edu

Do you have on-campus housing and dining options?

Yes. First-year students are eligible for our four Residence Halls, while transfers and continuing students are eligible for those same four and an additional six Campus Apartments. Also, any student parent is eligible for our Family Housing option.

Although we are not offering Guaranteed Housing for new students due to the uncertainties surrounding COVID-19, we will prioritize any new student's Residence Hall Contract submitted by May 10. This means early access to our room and roommate-self-selection processes and gives students an even better opportunity of reserving their unique housing preferences. We invite your family to check out our 11 campus housing options and encourage your student to submit a request for the one that feels right for them as early as possible. No. Getting around the university is easy via foot, unmotorized scooter, or bike — with over 3,000 on-campus bike racks spaces. (We also provide free California bike licensing and registration.) For distance travel, students can consider options like free Riverside Transit Agency (RTA) busses (by registering for a free mobile pass on our website), Metrolink (with two stations within 3 miles of campus and with bus connections), Zipcar rental service, or asking friends with cars for a ride.

Please note that first-year students living on campus cannot purchase parking permits unless they are approved for an exempt and motorized scooters are not permitted on campus. transportation.ucr.edu

UCR's Student Health Services (SHS) is a full doctor's office and pharmacy on campus where students can go for checkups, medical visits, and prescriptions. Students also have access to a dentist and optometrist. All students are required to have health insurance, whether it's UCR's medical insurance (UC SHIP) or their own private insurance. All students can use SHS, but the only insurance accepted there is UC SHIP; students with private insurance pay out of pocket for services. We also have an on-campus Counseling and Psychological Services (CAPS) office that is free to students who are currently enrolled at UCR and have paid registration fees.

LiveHealth Online is a virtual service (covered by UC SHIP) that allows students to video-chat with board-certified medical/mental health professionals about their health/mental health needs and receive prescriptions.
