What is a "virtual" career fair?

A virtual career fair is an online event in which employers and job seekers each meet in a virtual environment to exchange information about job openings.
Preparing for a Virtual Job Fair

- You will be able to review the list of employers participating in the fair and the 1:1 and Group sessions.

- Research employers by visiting company websites.

- Use your research to rank the organizations in order of your interest to determine which organizations to meet with. This will help you make the best use of your time.

- Prepare a list of questions to ask employers.

- Gain confidence by practicing your questions out loud.
"Hello, my name is Frank.

I’m currently working towards a master’s degree in Public History at UC Riverside. I saw on your website that [name of organization] has a graduate student internship program. I became interested in public history while interning as a curator at a local museum and was wondering if you could tell me more about the qualifications and skills you are seeking for the internship program."
