

## COVID RESOURCES

# UCR STUDENTS COVID FACT SHEET

At UCR Student Health Services we are committed to providing you with quality primary health care, while keeping everyone safe. Whether you are coming for a medical, or dental appointment, picking up pharmacy prescriptions or lab work, rest assured that we have precautions in place to protect your health and wellness needs. Our teams are dedicated to your health and safety.

### Actions we are taking:

**Telehealth-** We've opened telehealth appointments so that our providers can see patients online for primary care, follow-up visits, mental health services, medication monitoring and other issues. In-person appointments are also available.

**Screening-** We require that all employees and individuals entering the clinic be screened for symptoms and have their temperature checked.

**Face Covering and Physical Distancing-** We require that anyone on UCR campus wear a face covering at all times. We have implemented physical distancing to ensure a 6-foot distance from one another.

**Infection Prevention-** Our clinics are cleaned and disinfected rigorously, following Centers for Disease Control and Prevention (CDC) infection prevention guidelines.

### Got Questions?

**A. What should you do if you are exposed or are positive?**

- Please refer to [Home Isolation PDF](#)

**B. What are the resources on campus related to COVID?**

- Please see [UCR COVID page](#) for all updated information
- Please refer to [UCR Student COVID Resource](#) to the right
- Please visit [The Well](#) for information regarding how to receive a COVID-19 Wellness kit

**C. Are students able to return to campus?**

- Students are permitted to return to campus upon completion of the online education module. Please visit [UCR Dean of Students](#) for more information
