

SHS Accreditation

UCR Student Health Services participates in AAAHC accreditation that involves on-going self-evaluation, peer review and education to continuously improve its care and services. Accredited organizations deliver high-quality care in an environment that promotes patient safety.

Since 2011, UCR Student Health Services has voluntarily committed to a thorough, on-site survey by AAAHC surveyors, who are themselves health care professionals, at least every three years and have been successful in maintaining current AAAHC accreditation.
